RATNADEEP PATIL

SOFTWARE DEVELOPMENT AND APPLIED AI

Ratnadeep.patil@universalai.in | github.com/Ratnadeep-2007

PROFILE

B.Tech student with internship experience in enterprise workflow automation, inventory management, and HR systems. Builds backend APIs and full-stack applications using Python, FastAPI, React, TypeScript, PostgreSQL, and Microsoft 365 tools.

INTERNSHIP EXPERIENCE

Exprivia

12 November 2025 - 12 January 2026

Intern | Microsoft 365 workflow automation

- Built a Copilot-based AI office assistant for email processing, document handling, approvals, and reporting.
- Automated Outlook ingestion to extract tasks and attachments; designed OneDrive staging folders to track processing and isolate errors.
- Implemented document extraction, summarization, and classification for PDF, Word, and Excel files, with metadata and approval tracking in SharePoint.
- Connected Copilot Studio, Power Automate, and Python workflows with human approvals and summary notifications in Microsoft Teams.

Spider Smart Solutions

15 April 2025 - 15 July 2026

Intern | Inventory Management System

- Developed an Inventory Management System using React, TypeScript, FastAPI, and PostgreSQL to organize records across departments and locations.
- Implemented configurable fields, automated classification, retention tracking, and version snapshots to preserve record history.
- Integrated JWT authentication, role-based access control, and scoped access for external users.
- Added SHA-256 hash-chained audit logs and Playwright browser tests for application workflows.

AirBorenHRS

15 May 2025 - 15 September 2025

Intern | System Developer

- Developed backend APIs for user management, leave management, attendance tracking, and organizational structure.
- Implemented JWT authentication and role-based authorization for Admin, HR, and Employee users.
- Participated in code reviews and daily stand-ups with a senior developer to resolve issues and coordinate development tasks.

EDUCATION

Bachelor of Technology

Expected graduation 2028

Universal AI University, Mumbai | Current CGPA: 7.95

SELECTED PROJECTS

Synora

View source on GitHub

AI-Powered Project Knowledge, Collaboration, and Agent Memory Layer

Python / FastAPI / Next.js / TypeScript / SQLAlchemy / Excalidraw

- Developed a shared ingestion workflow for Google Meet transcripts, WhatsApp messages, and manual text, document, and image uploads.
- Integrated file validation, deduplication, project routing, and contextual memory while preserving source provenance.
- Connected project requirements, decisions, and architecture updates to an Excalidraw workspace.

TermWise AI

View source on GitHub

Python / FastAPI / React / TypeScript / pytest / Playwright

- Built a payment-term analysis workspace with document uploads, source review, and confirmation before calculation.
- Implemented a Decimal-based ledger to calculate cash shortfalls and reserve funding under payment delays and cost increases.
- Developed a bounded search for alternative advance-payment schedules and invalidated stale results when financial inputs changed.

Solar Document Automation

View source on GitHub

Python / Flask / docxtpl / Jinja2

- Automated generation of seven solar installation documents from one shared dataset using reusable Word templates.
- Added web-form and JSON input workflows, required-field validation, and checks for unresolved template placeholders.

TECHNICAL SKILLS

Languages	Python, JavaScript, TypeScript, SQL
Development	React, Next.js, HTML, CSS, Tailwind CSS, FastAPI, REST APIs
Data	PostgreSQL, Supabase, SQLite, SQLAlchemy, Pydantic
AI	LLM integration, embeddings, semantic retrieval, document summarization
Automation	Copilot Studio, Power Automate, SharePoint, OneDrive, Microsoft Teams
Tools	Git, GitHub, pytest, Playwright

LEADERSHIP AND ACHIEVEMENTS

- Senior Placement and MIS Coordinator, Student Corporate Relations Team; Event Head, Rush4Rush intercollege annual event.
- Coordinated the B.Tech batch during a three-day SMART community development initiative.
- First Prize, Taluka-Level Science Exhibition.
